

Additional Information:

Medical Authorization Form: If your child needs to take medication during school, a new medication authorization form needs to be completed each school year. No medications will be given to students without proper authorization from a primary care provider. This includes over-the-counter medications (Tums, Motrin, Tylenol, Ibuprofen, cough drops, etc.)

Asthma: Any child that has ASTHMA listed under Allergies & Conditions in their Medical file, needs to have an inhaler in the office with a Medication Authorization Form on file, and an Asthma Action Plan filled out by your physician and turned into the office.

Allergies: Any child with ALLERGIES to things such as peanuts, eggs, milk, etc. that have been diagnosed and confirmed by a doctor that require an Epi-Pen/Auvi-Q, must have one at school in case of an emergency, as well as an Allergy Action Plan filled out by your physician and turned into the office.

Epilepsy/Seizure Disorders: Any child with EPILEPSY/SEIZURE DISORDERS needs to have a Seizure Action Plan filled out by your physician and turned into the office.

Food Substitution Form: If your child requires a food substitution **due to a medical condition or food allergy**, a new food substitution form needs to be completed each school year and signed by the child's primary care provider.

Thank you for working together with us to ensure the safety of your child at school.
